Dear Hamie,

When repairing old clubs I sometimes come across old cleek marks which I am unable to identify.

I wonder if you can help me identifying them.

I must apologize for the bad rubbings. They represent:

1. a four-section ring with the initials F.O.R.D.
2. a turret with a pennant on top
3. a shell
4. two crossed golf clubs and a Roman II
5. H.E. Gregory in writing.

I would be most grateful for your help. Trusting that you and Mrs. Auchterlonie are keeping well and with kind regards to you both,  
yours very faithfully,

Steven van Hengel
