Dear Sirs,

Enclosed please find my manuscript which is the result of about 17 years research into the origin of golf. It may be fairly new in that it is solely based on facts. The story appeared in Dutch in a series of four articles in the Dutch 'Golf' monthly and solicited quite a bit of interest. I am enclosing a photostat of these articles which may give you a modest impression of the pictorial material which is available.

I would invite you to read the manuscript. Should you be interested to publish it in some form I would be happy to discuss this with you. From the 15th to the 23rd September next I shall be in St. Andrews where I may be reached either at the St. Andrews Hotel or at the R. & A. I will have the pictorial material with me.

Looking forward to your reaction I am,

yours faithfully,

Enclosure
