Dear Don,

You will recall our pleasant cooperation in and around the Dutch Open last year. For a background of the history of Dutch golf I provided you with a super 8 mm. film and a sound cassette(tape) on Early Golf which were to be returned to me after use.

Not having received them so far I would like to remind you that I need them back here since they were the only ones I had.

I trust you are keeping well.

With kind regards and best wishes,

Sincerely yours,

Steven J.H. van Hengel

(Sadly, I have never seen the TV film you made, is there some tape of it which I could see?)
