

18 July 1974

Dear Steven:

I'm a relatively new member of the G.C.S., and would appreciate any help and suggestions you may give me concerning club collecting. My collection, if you can call it that, is small, my main interest over the years being the items listed in the Directory, particularly score cards.

Any information you can give me on the diagrams of the clubs I have enclosed would be most welcome.

If there is anything I can do, let me know.

Sincerely
John

Dear Steven:

Many thanks for your letter and
I appreciate the cards you sent.

That is quite a picturesque club house
at Kennermer - quite unlike any I
have ever seen. Is it very old?

If you have any idea of the number
of golf courses in the Netherlands,
could you let me know?

I notice that Zandvoort is right on the
North Sea which means that any given
hole can play to a drive and a wedge
in the morning and a drive and a
spoon in the afternoon?

Again, if there is any way I can
help, let me know.

Best regards
John

Dear Steven;

Thanks for everything you sent - the program you enclosed was very interesting.

I have written for the book you mentioned in your last letter - I appreciate your letting me know about it.
Your club house was built in an excellent year - the year I was born!

I know that there is a lot of work involved in organizing a tournament - are you involved over-all in it, or just a specific part?

Again, if I can help in any way, let me know.

Best regards
John
