LONDON, E.C.2, 15th May 19 29.

Dear Mr Monk,

Many thanks for your letter of 14th inst. I am delighted to hear that your Association is going so strong and that you have got such a satisfactory Committee. I am also very pleased to hear that the Amateurs are coming into line and supporting you as they most certainly should do. I am publishing the details you give me in our Journal and I am sure that your fellow members will be interested. I am also giving particulars of the Dutch Open and will obtain reduced fares.

I am very sorry you have not received your Journal and am making enquiries about this. In the meantime I am sending you another copy which I trust will reach you safely.

With reference to the Open Championship it might be perhaps an additional inducement to our Members to come over if they had the Prize List. If you care to send this to me I shall be very pleased to include this in the Journal.

Yours faithfully,

P. T. Perrins
Secretary.
