Dear Douglas

Thanks for letter - I was afraid after receiving your letter reprimanding me for not turning up that my letter was delayed -

I notice by your correspondence that you have made a definite rule regarding entries for competitions. It is a good rule of course - and I intend to hold to it therefore I sent you the letter.

Regarding Mr. G. M. del Court van Brimpen - as far as I am aware I have if entered for an open competition sent word that I was unable to play - because I have seldom entered - but perhaps you could explain the circumstances to him on this occasion. I wish you would as it looks so disrespectful, and I don't mean to be, as I would so much have liked to play, and in all the competitions. Perhaps you could also explain it to your committee that the letter was delayed.

Will you please enter me for the "Open" at Landvoort with the other five guilden then? Hope to see you there - I notice that you may not be there for family reasons. My wife thinks it is suggested (all the best) Yours sincerely Frank.
