Dear Douglas,

I have received your reply; also receipt for subscription to the P. G. Ex. I note your opinion re Bengelo, and the position of Spalding, and it is scarcely necessary for me to tell you that the same possibilities occurred to me before I replied to your first letter.

If you could persuade the boys to make a separate match of the affair, say, at your club, "de Pan" or Kennemer, so much the better in every way.

If you cannot succeed in getting the boys to make a separate match of it, then there appears to be no other alternative than to adopt Josh's suggestion.

By the way, Kennemer was decided upon as the venue of this year's "open", by the Ned. Golf Committee on Wednesday evening. The "open" Amateur is to be held at "de Pan".

I was pleased to learn that your stomach trouble is better; also that you have been able to instal Guy with you again.
All best, Bert.
