Dear Douglas

Mr. Beatty Smyth and myself have
ask our alliance to be relieved of our
post and it is likely that Mackenzie
will take over the captaincy we
had a committee meeting last week
and they are all anxious that we play
our annual match the day before the
Belgium Open as we have done in the
past - otherwise it mean having to stay
to long at Waterloo should any of the
players not doing well on the first
day. there is a train gets into Brussels
before midnight - and we could start
the next day if your party are tired
we shall always play the match in

Holland the day before your
open. Trusting you will be
able to manage this kindly
reply to the above address

Knocknagga does not seem keen
to take over the Captaincy
I trust you are keeping in the best of health
Excuse, I am,
in haste

Yours sincerely
J. Bannell
