Dear Douglas,

I thank you for your letter re Dutch and British professionals match.

It must be taken that I did not definitely say that I would play in this match and I find it impossible to get away. Trade is bad here. Our members are playing such a little golf and spending nothing.

I do not know how the others are faring, but it becomes increasingly difficult to get away, and to make ends meet. So I hope you will excuse me.

May I hope that you can fill my place, and that you have a good time and keep busy.

Best Wishes,

Yours Sincerely
F. Galton
