

Iwentsche Golf Club,

Hengelo. C.

30-1-34.

Dear Douglas,

Have received your letter regarding the Iwentsche Cup. I will now get to work to get the dibs in and you can rest assured that I will do my best to make it a real success.

In previous years this has been in others hands, and of course it was not for me to interfere, but Mr Janssen takes no interest in the club (or practically none) and Mr van Belden is treasurer and assistant Secretary, but he does all the work. So I've got permission from him to arrange the competitions.

Regarding the date of the match. The dates you mention will be quite alright, if they fit in with your other fixtures. Of course, if you wish to have it in May or June or even July, it is alright - but the date that suits you will be alright to us. I will let Mr van Belden know.

Regarding the 36 holes - if that involves too much time we can make it 18 holes - but I will let you know my progress regarding the money question from time to time.

We were sorry to hear about Baby. It's a great trial, and may we hope that she will soon be quite well. It is certainly hard times - Hope business picks up too. I have no particular news. Anyway I will

as states inform^{you} of my progress regarding the
Competition from time to time.

Best Wishes.

Yours Sincerely
Frank

Mr Douglas Monk.
