Dear Douglas.

We may safely assume that the prize money for our competitions will reach well over the amount stated - I want to ask you something. In the event of us getting 400 Guilders or more - should we play for it all this year? - I am personally in favour of doing so. What do you think?

Next year must look after itself. However you may suggest something.

I shall send sub: & entrance fee in a few days time - Things are not improving here. Hope you are busy.

All the best.

Sincerely yours
H. F. i.

P.L.
You mentioned something about the Café opposite us to stay there - It would be much cheaper of course and this man has room enough.

I promised to let him know.
