Dear Douglas,

Thanks for your letter re match at the Bosch
and Amateurs & professionals.

I am afraid it will not be possible for me to play
in these. In the first place, they are such a long way from
here, and are costly, and then I am busy too. I would like
to play all the same.

We have been to England for three weeks, and
had a jolly time. We went to Lowestoft and also to London.
It is terribly busy in London. We stayed there only two days.
Things seem to be pretty good in England and people are
quite cheerful.

Glad you've had not too bad a summer. We are
all quite well. We have never seen your wife and family,
but hope to one day. The new course at Deventer was opened
last Saturday. I think you would like it. What about trying
to get a competition there next year?

No more news.

Best wishes

from the family
Maurice
